February 2026—Over a Year of OPAL!

It is hard to believe that OPAL has now been running for over a year at Summerfield. It is even harder to believe how much our offer has grown during that year.

The recent weather has really tested the patience of parents, staff and school cleaners, but the children continue to enjoy their lunchtimes and behaviour is so much better, so it is all worth it! Please do send in changes of clothes and footwear to help protect their uniform.
